IN008: HER DREAM FOUND A NEW 'ADDRESS'

Thangayee lay awake at midnight in the roadside pavement after a heavy day's work as a coolie in a construction site in Chennai. On contemplating about her daughter Vijaya's achievement in securing a MBBS seat in Govt college, she was both happy that her daughter could achieve her childhood dream after much hard work and also sad that being her mother she was so helpless in turning that dream into reality.

Ms. Vijaya, who lost her father when she was just one year old, dreamed of becoming a doctor, studied hard and secured 197.25 cutoff marks for Medical admission. She understood her mother's plight while arranging the counseling fees of Rs.2,000/- and worried whether her seat will go in vain unable to pay the fees of Rs.30,000/-

That is when Vijaya came to know about **Mugavari Foundation**, where her hopes still stood a chance. Mugavari provides a platform for noble minds to serve humanity thus benefiting deserving students. She rushed to **Mr.K.Ramesh**, its Founder and explained her situation.

Ms.Vijaya along with her fellow Mugavari students

Ramesh, who himself had shed his dreams of becoming a CA, but is ever striving to fulfill the dreams of young aspirants, verified Vijaya's credentials and agreed to adopt her into Mugavari Foundation. Vijaya is now in her First Year MBBS at Kilpauk Medical College, Chennai, Tamil Nadu, India due to Ramesh's effort in locating a sponsor Mr.T.P.Ulaganathan from Perundurai for her studies.

Ramesh toils hard in getting sponsors for each student and ensures only financially backward and deserving students from rural area gets a chance through Mugavari. A proper validation of records is done prior to admission. Currently, 179 students are pursuing various disciplines like Medicine, Engineering, Agriculture, Management and Phd. There are IAS aspirants also who have found a sponsor to coach them.

IAS aspirants with Smart Leaders Sivarajavel

In this academic year, 21 students have approached Mugavari, taking the total to 200 students, out of which Ramesh has found sponsors for 7 of them until now. He's currently in the lookout for sponsors for the remaining 14, which he's confident of finding out through Divine's grace.
